

The Meeting with Tascua Yagui Police Department was fantastic, to get to speak with Lt. Elizabeth Esparza a 29 year Law enforcement professional was awe inspiring as Lt. Elizabeth and other brave ladies are the reason I have the opportunity to have a career in Law Enforcement and they paved the way for those coming behind. Then Nogales well what can I say Chief Deputy Gerardo Castillo was so kind and showed great patience in answering questions and showing us the facilities, visiting the detention centre was of particular interest as in a previously role (S. Offender Mgmt) I had cause to be in prisons in Ireland so the contrast was interesting for me. Then Manny Ruiz - what can I say... an amazing man - to see the border was informing but sad as we 'LizzyC Sheep' Ireland where families were divided by a border. Manny you Ireland will be talked about fondly in Ireland.
